## Crown Prince Thwarted in His Efforts to Regain Position on Verdun Front—French Capture Six Cannon North of the Somme.

PARIS, Aug. 21.—The Germans made a desperate attempt to recapture the village of Flury, three and one-half miles northeast of Verdun last night, attacking in force after spraying the French positions with liquid fire. The War Office announced today that French barrage infantry had stopped the attack short, inflicting serious losses on the enemy.

Following is the text of today's French War Office report: "North of the Somme, in addition to the important capture of material mentioned yesterday, we took six field guns in the wood which our troops carried yesterday between Maurepas and Guillemont."

"During the night there were violent artillery actions on the Roman front."

"On the right bank of the Meuse (Verdun front) the Germans yesterday, toward the close of the day, delivered a powerful attack, accompanied by the use of flaming liquids, against Flury. Our curtain of fire and infantry fire obliged the enemy to stop short, and inflicted serious losses on him."

"Practically the whole of the village of Maurepas is now in French hands as the result of Thursday's fighting and local actions since that time. The French first captured a number of strong positions at the outskirts of the town and then drove the Germans from the remainder of the village with their artillery. German artillery made it inadvisable for the French to occupy the remainder of the village until the lines were advanced further north of the village."

## RUSSIANS DRIVE ON ALONG KOVEL LINE, PETROGRAD CLAIMS

PETROGRAD, Aug. 21.—The Russians further advanced their lines in severe fighting along the Stokhod front yesterday, making progress near Toboly and in the region of Rudka-Czerwinski.

In Friday and Saturday's fighting on this front 1,866 prisoners, one cannon, fifteen machine guns and other material were captured.

The total of captures in this region on Friday and Saturday was sixteen officers and more than 1,500 soldiers. We also took one cannon, eighteen machine guns, four bomb mortars, four searchlights and a large number of shells, cartridges and rifles. In the region of Lubieszow, on the Stokhod, a captive balloon was set afire by our artillery."

## RUSSIANS REPULSED ALONG THE STOKHOD, SAYS BERLIN REPORT

BERLIN, Aug. 21.—Heavy Russian attacks on the Stokhod River front, northeast of Kovel, were repulsed with severe Russian losses. It was officially announced this afternoon.

The Russians made fruitless attempts to extend their positions near Rudka-Czerwinski and were repulsed in other attacks west of Lubieszow. The Russian Guards suffered enormous losses in the fighting around Stanislaw, according to Stockholm despatches to the semi-official news agency today, and were finally compelled to withdraw from the front.

The Car's Own Semenov regiment lost forty-three officers and 2,781 men. The Dragon Guards lost thirty-one officers and 1,669 men. The Moskov Guards regiment lost fifty-six officers and 3,074 men. The Petrograd Guards, in consequence of these engagements, will be out of the fighting for six months while recruits are being trained to take their places.

Heavy fighting continues in the Carpathians, where, according to the official announcement of today, the Austro-German forces have gained ground and repulsed Russian attacks. "In the Carpathians we have taken Stepanek's Heights, west of the Charny-Cheremosh Valley," the statement says. "Both here and on Kreta Height Russian counter attacks were repulsed. In storming Kreta Height on Saturday we captured two officers, 188 men and five machine guns."

## BIG STRIKE WOULD INVOLVE U. S. PLAN FOR PREPAREDNESS

Victim Attacked at Mid-Day Succumbs Without Giving Clue to Assassins.

Mortally stabbed and shot, Harry Bulwinkle, thirty-five years old, staggered into the stable of the P. Kelly Trucking Company at No. 231 North Seventh Street, Williamsburg, shortly after noon today and asked the foreman to send for a doctor. Bulwinkle died while being admitted to the Williamsburg Hospital. He had not told the police or doctors where the shooting had occurred or by whom.

Protective Dowling of the Seventh Branch Bureau picked up a revolver in a vacant lot at Eighth and Hoehling Streets a few minutes after the general alarm had been sent out. Two chambers were empty.

Gustave Palmer, the foreman, told the police Bulwinkle had gone out to lunch at noon. He did not know the man's address. A number of shooting affrays between rival gangs in that section lately leads the police to believe Bulwinkle might have been mistaken for another marked for vengeance. He was stabbed three times in the abdomen under the heart and had a bullet wound under the ear.
